MILL is now admitted to be the best mill of the kind extant. It has, on several occasions, contended for the award of merit with other mills, and particularly with the famed "blittle disant," and in every instance has taken the premium. At a recent trial with the latter upon the Fair Grounds of the Southwestern Agricultural and Mechanical Association, it again took the prize. It stands now without a rival.

This mill combines three principles—that of cutting with neveral steel blades, with that of crushing and grinding. It is heavier and stronger, and less liable to break or getout of repair, toan any ether mill occur to be provided by a supplementation of the street of the provided by a supplementation of the street of the size in the provided by a supplementation of the size in use. Letter from Haacack County, Ky. HAWESVILLE, Ky , Oct. 18, 1858. Meesrs. Editors: Since the great Mogul of Know-Nothingism passed slong here urging the people to wait until the Pennsylvania and Indiana elections, and then, when they saw Buchanan distanced in these elections, torally to "Fillmore and the Union" (in a born), there has been another Know Noething coater hand legants to the other Know-Nothing crater here to lecture to the faithful. Mr. J. P. But, again to the speaking. After Mr. C. conclu-ded, Mr. Reed followed in a two hour speech, deal-ing heavy blows on the sham Americanism pro-mulged by Mr. C. and his nelf Abelition platform, and demonstrating conclusively to those who had "ears to hear, and hearts to believe the truth," that the only way to preserve the Union, was for the principles of the Cludinum platform to be triumphant; sustained by the people at the November election. His speech was a good one, and was well received. It fired up the Democracy, and,

The next day there was speaking at Lowisport, the sink of Know-Normingism in this country, but the Democracy gathered in from all points of the compass, and such another scouring as poor Campbell got as the hands of Mr. Reed is rarely wit-

I like to have forgetten to mention that this convention was adjourned on last of aday until le-day, in order to see how the election in Penusyivania and Indiana passed off. Mt. Vernos, Posey County, Ind October 16, 1856. Massrs. Extross: As I see you are frequently publishing cheering newsfrom various counties in the State of old thosserdom, corroborating the prospects of the Democracy thereof, and saying nothing about the prospects of the pearless county of old Posey, and fearing that some of those, who have became here have now by a table harmer. nothing about the prospector.

Here is the efficial vote of our country, as polled on last

PORTLAND, KY.

THE UNDERSIGNED, LESseed this newly-erected and admirably-adapted Hotel, takes pleasure in announcing to the public generally, and especially to passengers arriving or departing at the Portland wharf, that this house is now completely luralished and ready for the accommodation of guests.

Every item of furniture, bedding, and, indeed, the huilding throughout, is fitted up with articles expressly manufactured for the house.

Sitnated as the St. Charles is, immediately at the landing of the principal shipping point for Louisville, where nearly all of her stranger guests first strive and from whence they depart for the West and South, this house affords a convenience and comfort to the traveler heretofore not experienced at this point.

It shall be the earnest endeavor of the proprietor of this establishment to command a liberal share of public patronage, because he intends to deserve it. The house, with its extensive grounds, cool, shady groves, and general conveniences; is unsurpassed as a transfent house. It shall he kept as a first-class Hotellacking no one of the essentials of such an establishment.
